

# Day in the Life of a Nurse™

## Instructions for accessing the program training and curriculum development webcast from Miami-Dade County Public Schools.

In 2007, the Teacher Training program developed by Miami-Dade County Public Schools in cooperation with the Nursing Consortium of South Florida, Inc. was provided via web cast to teachers at the Broward and Palm Beach County Public School Systems. The training, which provides Day in the Life of a Nurse™ program highlights and presents a companion curriculum for classroom use, was recorded and is available on the World Wide Web.

**To view the program** via the Internet please go to:

<http://tv.dadeschools.net/JAFEvents/eventsmain.htm>

and scroll down to **Tech Prep “A Day in the Life of a Nurse”**

*(Please note that you will need Windows Media Player 7 or 9 to view the program and a link is provided on the site to facilitate your downloading this software from the Internet.)*

Upon clicking on **Tech Prep “A Day in the Life of a Nurse”** you will notice that the program has been archived in two parts.

**Part 1** contains a presentation by Consortium President Silvia Stradi. An updated copy of her presentation is available at:

<http://www.nursingshortage.org/documents/DITLOAN%20T%20Training%20Overview%202008%20-%20Stradi.pdf>

**Part 2** consists of a detailed presentation of the curriculum by Julie Gilbert, Science Coach, North Miami Senior High School, and others. A copy of the **Day in the Life of a Nurse™** curriculum is available at:

<http://studentservices.dadeschools.net/tech/curriculum.asp>

The Miami-Dade County Public School System is pleased to make these materials available to teachers in public and private schools throughout South Florida as they prepare to participate, with their students, in a Day in the Life of a Nurse™ 2008. Questions should be directed to Sandra Tilton at [stilton@dadeschools.net](mailto:stilton@dadeschools.net) or 305 995 7674.

Miami-Dade County Public Schools  
and the  
Nursing Consortium of South Florida  
thank the staff at  
John A. Ferguson Senior High School  
for their technical assistance.
