3:30 pm

Call to Care: Leveraging Your Influence to Make a Positive Difference in the Health of the Nation (Salon 2)

Ora Lea Strickland, PhD, DSc(Hon), RN, FAAN
Dean & Professor
Florida International University
Nicole Wertheim College of Nursing & Health Sciences

3:30 –
4:30 pm

Reception (Salon 1)

Network with other program attendees and our speakers, reengage the poster presenters, and join in conversations about how lessons learned during the day might best be implemented throughout South Florida, including where you work. Renew old friendships and add new ones to your peer network. Wine and assorted cheeses will be served, as will soft drinks and cookies. Continuing education certificates will be available for pick-up during this session.

5.50 contact hours will be awarded by Memorial Regional Hospital, FL Board of Nursing Provider No. FBN 50-1317.

Learning Objectives

Susan B. Hassmiller, RN, PhD, FAAN
Senior Advisor for Nursing
Robert Wood Johnson Foundation

The Role of Nurses in Building a Culture of Health

Learning objectives:

1. Describe what a Culture of Health is. The learner will be able to share attributes of a Culture of Health and how improving where people live, learn, work, and play can benefit people's health.
2. List strategies for how nurses at all levels can help to build a Culture of Health at their place of employment and in their communities. The learner will be able to describe how nurses at all levels can get involved in building a Culture of Health.
3. Explain how the Future of Nursing: Campaign for Action is preparing the nursing workforce to provide excellent care to people, families and communities. The learner will be able to explain how the Campaign is working to strengthen nursing education, remove barriers to practice, promote leadership, foster interprofessional collaboration, and expand workforce diversity.
4. List how nurses can help patients and their families to have a better care experience. The speaker will describe the role of nurses in providing compassionate care, and how they can better involve patients and their families in their care to improve their overall experience.

Moderator: **Marcella Rutherford, PhD, MBA, MSN, RN**
Dean, College of Nursing
Nova Southeastern University

Panelists: **Chante Washington-Oates, RN, BSN, PhD Candidate**
McKnight Doctoral Fellow
University of Miami

Andra S. Opalinski, PhD, ARNP, CPNP-PC, NC-BC
Assistant Professor
FAU C.E. Lynn College of Nursing

Stefanie J. Lamanna PhD, MPH, ARNP, FNP-C

Nova Southeastern University

Bella S. Cabrera MSN, RN, NEA-BC
Chief Nursing Officer
Joe DiMaggio Children's Hospital

Fostering Quality Healthcare through Emerging Nursing Roles

Learning objectives:

1. Describe exemplars of emerging nurse roles in today's healthcare system.
2. Explain how each of these roles impact the quality of care in the community.
3. Apply how these various roles enhance today's transitional care.

Ora Lea Strickland, PhD, DSc(Hon), RN, FAAN

Dean & Professor

Florida International University

Nicole Wertheim College of Nursing & Health Sciences

**Call to Care: Leveraging Your Influence to
Make a Positive Difference in the Health of the Nation**

Learning objectives:

1. Describe how nurses can lead and fulfill their call to provide quality compassionate care, regardless of their nursing position. Are you really called to care?
2. Describe effective strategies for personal and career success.
3. Identify personal behaviors and characteristics that contributes to your effectiveness in building a culture of health.
4. Apply leadership practices that foster the creation of accountability within a culture of health.
5. Identify environmental characteristics you should consider in developing your strategies in assisting your culture of health.
